# KUNAL RAJU HULKE
## Full Stack Developer

☐ +91-9356569973  ✉ hulke1102002@gmail.com  in LinkedIn  ⬡ GitHub.  🔗 Portfolio

---

## EDUCATION

**Bachelor of Technology in Computer Engineering, (CGPA: 7.71)**  **Feb 2020 - Present**
- Dr. Babasaheb Ambedkar Technological University, Lonere

**Higher Secondary, (Percentage: 69.69)**  **Jun 2018 - Jun 2020**
- Prerana Junior College, Nagpur

**Secondary, (Percentage: 76.60)**  **Jun 2012 - Jun 2018**
- Shrimati Shrirekuvardevi Mohata Vidyalaya, Hinganghat

---

## SKILLS

- **Programming Languages**: C/C++, Java
- **Front-end Development**: HTML, CSS, SCSS, Tailwind.CSS, Bootstrap, JavaScript, TypeScript, React.JS, Redux, Angular.JS, Next.js.
- **Backend Development**: Node.JS, Express.JS, Nest.js.
- **Databases**: MongoDB, MySQL, PostgreSQL
- **Software Development Tools**: Jira, Git, GitHub.

---

## WORK EXPERIENCE

**Software Developer Intern, Kelp (LOR)**  **Oct 2023 - Feb 2024**
Angular, Bootstrap, PostgreSQL, Nest.Js.
- Refined one of the core Kelp Global module's user experiences, ensuring intuitive interaction and **increased user satisfaction**.
- Developed and optimized the module's backend, **significantly improving operational efficiency** and system stability
- Identified and **fixed critical bugs** within the module, leading to enhanced system reliability and smoother user experiences

**Frontend Developer Intern, DFIIE (LOR)**  **May 2023 - Aug 2023**
React.js, Tailwind.CSS
- Architected DFIIE's website, combining leadership with expertise in design and development to enhance the digital platform.
- Innovated a platform within the website, spotlighting startups and fueling their journey by connecting them with DFIIE's mission and resources
- Pioneered an interactive event management feature on the DFIIE website, streamlining the planning and promotion of initiatives, thereby enhancing engagement and accessibility to DFIIE's programs and events.

**Frontend Developer Intern, Suvidha Mahila Mandal**  **Dec 2022 - Jan 2023**
React.js, Bootstrap
- Led the development and design team in creating innovative products for Suvidha Mahila Mandal, **showcasing leadership** and project execution skills.
- Acquired comprehensive knowledge in project and **team management**, enhancing operational efficiency and teamwork during the internship.
- Mastered diverse aspects of product development, from concept to deployment, contributing to **significant learning** and growth in a environment.

## PROJECTS

### Airbnb Clone | [GitHub](#) | [Live](#)
Feb 2024 - Mar 2024

React, Tailwind, Prisma, MongoDB, NextAuth

- Developed a system for **managing bookings**, enabling dynamic pricing, and facilitating easy guest and owner cancellations.
- Implemented an **advanced search algorithm**, favorites system, and shareable URLs, significantly enhancing the property discovery and planning experience.
- Ensured a **smooth user journey** through efficient form validation, error handling, and server-side rendering for fast page loads.
- Utilized MongoDB, a NoSQL database, to **manage data flexibly and efficiently**, providing a scalable foundation for the application's dynamic content and user interactions

### TiffinWala | [GitHub](#) | [Live](#)
Nov 2022 - Jan 2023

React.js, Tailwind.css, Node.js, Express.js, MongoDB

- Innovated a groundbreaking digital ecosystem for the tiffin service industry, catalyzing **provider scalability** and customer connectivity with cutting-edge technology.
- Streamlined operational efficiency and elevated customer experience by deploying advanced web technologies, a compelling, user-centric interface, and integrating a responsive **feedback system** for continuous improvement and engagement.
- Pioneered a state-of-the-art analytics dashboard for the tiffin service sector, offering **real-time insights** into business performance and customer preferences, thereby driving strategic decision-making.

### Cryptic Conundrum | [GitHub](#) | [Live](#)
May 2023 - May 2023

React.js, Tailwind.CSS, Node.js, Express.js, MongoDB

- Engineered an **innovative online puzzle gam**e merging language mastery with logical puzzles, crafting an engaging and intellectually **stimulating user experience**.
- Developed a scalable, **secure web application**, and adaptive interface promoting continuous skill development and user retention.
- Incorporated a robust **progress tracking system** into the online puzzle game, facilitating a tailored user journey that adapts to individual learning curves and maximizes engagement

---

## SOFT SKILL

- Excellent interpersonal and communication skills.
- Able to engage with stakeholders and teams for analysis and implementation.
- Able to learn continuously (learning agility) and to stay updated with advancements in the field of software development.

---

## POSITIONS OF RESPONSIBILITY

- **Co-Lead**, Google Developer Student Club DBatu (Sep 2023 - Present)
- **Web Coordinator**, Technology Club DBatu (Aug 2022 - Present)
- **Web Lead**, Google Developer Student Club DBatu (Sep 2022 - Mar 2023)

---

## ACHIVEMENTS

- Solved over 500+ coding problems across platforms including **GeeksforGeeks**, **LeetCode**, and **CodeChef**
- Secured victories in **2** web-focused hackathons and achieved success in several coding competitions.
