SUMMARY

Engineering student with a strong ability to apply basic engineering principles to solve technical problems, as well as communicate technical concepts in a clear manner

---

SKILLS

- **Languages**: C/C++, HTML, CSS, JavaScript
- **Web Developmen**t: React.JS, Angular.JS,Tailwind.CSS, BootStrap, Node.JS, Express.JS, Nest.js
- **Databases**: MongoDB, MySQL, PostgreSql
- **Other**: Algorithms, Data Structures

WORK EXPERIENCE

Software Developer Intern, Kelp   **Oct 2023 - Feb 2024**

Angular, Bootstrap, PostgreSQL, Nest.Js.

- Delved into the development of cutting-edge software solutions, enhancing the company's product suite with features that promote user engagement and operational excellence
- Demonstrated exceptional problem-solving skills by identifying and addressing software bugs, and improving system performance and stability.

Frontend Developer, DFIIE   **May 2023 - Aug 2023**

React.js, Tailwind.CSS

- We are assigned to create a comprehensive website for DFIIE, encompassing details about its objectives, future goals, and offerings. Additionally, there will be a dedicated space for startups to present their initiatives.

Frontend Developer, Suvidha Mahila Mandal   **Dec 2022 - Jan 2023**

React.js, Bootstrap

- Lead the development of a strategic website redesign and ensuring that we deliver high-quality results..
- Our task is to create a responsive frontend of the website.
- The period of internship provided intensive knowledge of team management through hands-on experience working with other team members.

EDUCATION

Bachelor of Technology in Computer Engineering   **Feb 2021 - Present**

- Dr. Babasaheb Ambedkar Technological University, Lonere
  CGPA: 7.71

Higher Secondary (HSC)   **Jun 2018 - Jun 2020**

- Prerana Junior College, Nagpur
  Percentage: 69.69

Secondary (SSC)   **Jun 2012 - Jun 2018**

- Shrimati Shrirekuvardevi Mohata Vidyalaya, Hinganghat
  Percentage: 76.60

PROJECTS

TiffinWala   **Nov 2022 - Jan 2023**

React.js, Tailwind.css, Node.js, Express.js, MongoDB

- Developed an innovative platform to digitize the tiffin service industry, enabling providers to manage their services more efficiently and expand their customer base.
- Leveraged advanced web technologies to automate key business processes, resulting in a significant reduction in operational costs and time.
- Enhanced customer engagement through an intuitive user interface, facilitating easier order placement, tracking, and feedback

Cryptic Conundrum   **May 2023 - May 2023**

React.js, Tailwind.CSS, Node.js, Express.js, MongoDB

- Created a unique online puzzle game that combines language skills and logical thinking, providing a challenging and entertaining experience for users.
- Applied best practices in web application development to ensure a scalable, secure, and high-performing gaming platform.
- Designed a user-friendly interface that adapts to various skill levels, encouraging continuous learning and engagement.

POSITIONS OF RESPONSIBILITY

- **Web Lead,** Google Developer Student Club DBatu (08/2022 - Present)
- **Web Coordinator**, Technology Club DBatu (08/2022 - Present)

ACHIVEMENTS

- Solved over **500**+ coding problems on different coding platforms.
- Secured victories in **2** web-focused hackathons and achieved success in several coding competitions.
- Earned a recommendation letter from the manager of DFIIE for my contributions.
